(Changes in Significant Subsidiaries during the Period under Review)

(Changes in specified subsidiaries resulting in changes in the scope of consolidation)

During the first quarter of the fiscal year ending March 31, 2022, the Company newly acquired all of the issued shares of ACA Clean Energy Co.,Ltd., and therefore included the company in the scope of consolidation.

ACA Clean Energy Co., Ltd. changed its corporate name to Leben Clean Energy Co., Ltd. as of June 22, 2021.

(Change in accounting policy)

(Application of the Accounting Standard for Revenue Recognition, etc.)

The Company has applied the "Accounting Standard for Revenue Recognition" ("ASBJ Statement No. 29, March 31, 2020, Accounting Standards Board of Japan"), from the beginning of the current first quarter. It recognizes revenues for goods or services based on the amount estimated to be received in exchange for such goods or services at the point when control of the promised goods or services is conveyed to the customer.

Therefore, in goods and services to customers, which were previously recorded as selling, general and administrative expenses, the method of reducing the amount from the transaction price has been changed. Effective from the first quarter of the current fiscal year, the Company has changed its method of accounting for performance obligations that are to be fulfilled over a certain period of time by estimating the percentage of completion for the fulfillment of the obligations and recognizing revenue over a certain period of time based on the percentage of completion, except for construction projects of very short duration.

For the application of the revenue recognition accounting standard, etc the Company has followed the transitional treatment prescribed in the proviso of Article 84 of the revenue recognition accounting standard, and the cumulative effect of retroactively applying the new accounting policy prior to the beginning of the current first quarter has been added to or deducted from retained earnings at the beginning of the current first quarter, and the relevant opening balance. The new accounting policy has been applied from the beginning of the current fiscal year. However, the Company has not applied the new accounting policy retrospectively to contracts for which the method prescribed in Article 86 of the Revenue Recognition Accounting Standard was applied and almost all of the revenue amounts were recognized in accordance with the previous treatment prior to the beginning of the current first quarter. In addition, the Company has applied the method prescribed in Article 86, Subparagraph (1) of the Accounting Standard for Revenue Recognition to account for contract changes made prior to the beginning of the first quarter of the current fiscal year based on the contract terms after reflecting all contract changes, and has added or subtracted the cumulative effect of such changes to retained earnings at the beginning of the first quarter of the current fiscal year. The cumulative effect of this change was added to or deducted from retained earnings at the beginning of the first quarter

As a result, the impact on the quarterly consolidated financial statements for the first quarter of the current fiscal year is minimal.

Due to the application of Accounting Standard for Revenue Recognition, "Notes and accounts receivable-trade," which were presented in "Current assets" in the consolidated balance sheet for the previous fiscal year, are now included in "Notes, accounts receivable-trade and contract assets" from the first quarter of the current fiscal year. In accordance with the transitional treatment stipulated in Article 89-2 of the Accounting Standard for Revenue Recognition, no reclassification has been made for the previous fiscal year using the new presentation method.

(Application of the Accounting Standard for Fair Value Measurement)

The Company has applied the "Accounting Standard for Fair Value Measurement" (ASBJ Statement No. 30, July 4, 2019, Accounting Standards Board of Japan,"), from the beginning of the current first quarter, 2021. The company has prospectively decided to apply new accounting policies based on the Accounting Standard for Fair Value Measurement, in accordance with the transitional measurement in Article 19 of Accounting Standard for Fair Value Measurement and Article 44-2 of "Accounting Standard for Financial Instruments," ("ASBJ Statement No.10, July 4, 2019). The impact of application of the Accounting Standard for Fair Value Measurement, on consolidated financial statements for the current first quarter is immaterial.
