#### 1. Qualitative Information Pertaining to Consolidated Operating Results for the First Half

#### (1) Qualitative Information Pertaining to Consolidated Operating Performance

During the first half of the fiscal year under review, the Japanese economy gradually recovered from the effects of the Great East Japan Earthquake. Nonetheless, the outlook remains uncertain, given the fiscal crisis in Europe and the surge of the yen in association with the prevailing concerns.

In the real estate industry, where the Takara Leben Group operates, although there were concerns over the negative impact of the earthquake on business, the willingness of customers to purchase properties has not fallen significantly. In particular, the enthusiasm of first-time buyers, the Company's main target market, remained strong even after the earthquake, and the number of contracts the Company concluded held firm. In its effort to differentiate itself from its competitors, the Company has been striving to develop condominiums that meet the demands of the age. For this reason, it commenced sales of Japan's first condominiums planned in-house and equipped with individual PV systems, which permit owners to sell electricity individually.

With the Company celebrating its 40<sup>th</sup> year in business in September 2011, it remains determined to provide "ideal and affordable housing that everyone can buy with confidence," the Company's marketing concept, to its customers.

#### (i) Performance Review

In reviewing the performance of Takara Leben Co., Ltd. on a nonconsolidated basis, the new built-for-sale condominium business delivered 316 condominiums mainly in Tokyo and Saitama Prefecture, and achieved a strong gross margin of 21.7%.

The newly built detached housing business performed steadily and in line with the Company's full-year business plan, and achieved a gross margin of 28.5%.

The renovation business and the resale business recorded sales for the first half of the fiscal year under review that were 100% of the Company's full-year sales plan.

In the real estate rental business, sales were progressing steadily and almost in line with the Company's full-year sales plan, reaching 49.1% of the plan.

As a result, net sales for the first half of the fiscal year under review on a non-consolidated basis reached ¥14,299 million. Operating income was ¥1,025 million, and ordinary income amounted to ¥672 million. Net income stood at ¥660 million.

On a consolidated basis, Leben Community Co., Ltd. increased the number of units managed through its condominium management services by 1,398 units, compared with the end of the prior consolidated fiscal year, to 27,049 units for the first half of the fiscal year under review, achieving growth in line with the Company's plan.

Tafuko Co., Ltd., Marunouchi Servicer Co., Ltd., and AS Partners Co., Ltd. also performed steadily and in line with plans. Meanwhile, as a result of the sale of its shares during the first half of the fiscal year under review, Takara Live Net Co., Ltd. was excluded from consolidated subsidiaries.

As a result, Takara Leben Group reported consolidated net sales of ¥16,237 million, operating income of ¥1,335 million, ordinary income of ¥910 million, and net income of ¥712 million.

#### (ii) Performance by business segment

Looking at the performance of each business segment of the Takara Leben Group for the first half of the consolidated fiscal year ending March 2012, the real estate sales business recorded sales of ¥13,475 million, reflecting the results of the new built-for-sale condominium business, the newly built detached housing business, the renovations business, and the resale business.

The real estate rental business recorded sales of ¥707 million. This reflected rental revenue from

condominiums for rent and from office and store space leasing.

The real estate management business posted sales of ¥1,111 million, reflecting revenues from the management of 27,049 units of residential condominiums.

Sales from other businesses amounted to ¥942 million, mainly reflecting commissions from real estate agency services and revenues from orders for repair work.

As a result, net sales for the first half of the consolidated fiscal year under review stood at ¥16,237 million.

#### (iii) Progress of contracts signed

Given the strong sales in the first half of the consolidated fiscal year under review, the contracted ratio as at the end of September 2011 stood at 83.0%, up 1.9 percentage points year on year, with 1,114 units being signed against 1,342 units to be delivered for the fiscal year under review. The contracted ratio for the next term against the number of units scheduled to be delivered amounted to 24.3%, a steady performance and significantly higher than that for the same period of the previous year.

(Table of Contracts Signed Versus Number of Full-Year Forecast Units for Delivery)

	United scheduled for delivery (units)	Number of contracts signed (units)		Contracted ratio for the same period of the
Fiscal year ending March 2012	1,342	1,114	83.0	previous year (%) 81.1
Fiscal year ending March 2013	1,553	378	24.3	14.1

In addition to the new built-for-sale condominium business, the newly built detached housing business, the renovations business, and the resale business have also been performing steadily in accordance with the business plan.

#### (2) Qualitative Information Pertaining to Consolidated Financial Position

Assets, Liabilities and Net Assets

With regard to the assets, liabilities, and net assets of the Takara Leben Group at the end of the first half of the consolidated fiscal year under review, total assets were \(\frac{1}{2}\)62 million, an increase of \(\frac{1}{2}\)3,507 million compared with the end of the previous consolidated fiscal year. The increase mainly reflected an increase in inventories in conjunction with new purchases.

#### (Current Assets)

Current assets increased ¥3,209 million compared with the end of the previous consolidated fiscal year, to ¥45,137 million. This principally reflected an increase in inventories as a result of new purchases.

#### (Fixed Assets)

Fixed assets increased ¥298 million compared with the end of the previous consolidated fiscal year, to ¥19,424 million, mainly as a result of purchases of business assets.

#### (Current Liabilities)

Current liabilities increased ¥3,382 million compared with the end of the previous consolidated fiscal year, to ¥31,533 million, mainly as a result of an increase in advances received on contracts concluded and the shift in debt maturities from long-term to short-term borrowings.

#### (Fixed Liabilities)

Fixed liabilities increased ¥6 million compared with the end of the previous consolidated fiscal year, to ¥14,548 million, mainly because of the rise in lease obligations.

#### (Net Assets)

Total net assets increased ¥118 million compared with the end of the previous consolidated fiscal year, to ¥18,480 million. The increase was attributable to the recording of net income, which exceeded the amount used to repurchase treasury stock and pay dividends from retained earnings.

- (3) Qualitative Information Pertaining to Forecasted Consolidated Operating Results

  There is no change from the projected consolidated operating results released on July 25, 2011.
- 2. Matters Pertaining to Summary Information (Others)
  - (1) Changes to Material Subsidiaries during the First Half of the Consolidated Fiscal Year Under Review On September 26, 2011, the Company sold all shares of Takara Live Net Co., Ltd., its consolidated subsidiary. As a result, its excluded Takara Live Net Co., Ltd. from the scope of consolidated subsidiaries for the second quarter of the consolidated fiscal year under review.
  - (2) Adoption of special accounting policies for quarterly financial statements
    - (i) Calculation method for fixed asset depreciation
      For assets for which it has adopted the declining balance method, the Company calculates the amount of depreciation and amortization pertaining to the consolidated fiscal year and allocates an amount on a pro-rata basis for each reporting period.
    - (ii) Valuation method for inventories
      The Company calculates write-downs of the inventory book value by estimating the net sale value only of assets for which there has been a clear decrease in profitability and then writing down the book value to the estimated amount.
  - (3) Changes in accounting standard, accounting estimation change, and error correction Not applicable

(3) Notes Pertaining to the Going Concern Assumption The Company had no pertinent matters to report.

#### (4) Notes on Significant Changes to Shareholders' Equity

(Purchase of treasury stock)

In the second quarter of the consolidated fiscal year under review, the Company purchased 932,500 shares of treasury stock at \(\frac{4}{4}04\) million, by resolution of the meeting of the Board of Directors held on July 25, 2011. As a result, as at the end of the second quarter of the consolidated fiscal year under review, the Company held 1,915,271 shares of treasury stock at \(\frac{4}{1},699\) million.

### (5) Important Subsequent Events Not applicable

#### (Omissions of disclosures)

Among the disclosure items, quarterly consolidated statements of cash flows, segment information, other notes, non-consolidated operating and financial information, and supplemental information have been omitted, because the Company has judged that there is no significant need for disclosure of these items in the interim consolidated financial report.
